

**You don't need to talk about  
John Abercrombie, Arthur Blythe, Terri Lyne Carrington, ... !  
Just listen to it !!**

09. <i>Beautiful Love</i> (Gillespie-King-Young)	06:02
10. <i>Where are you</i> (Jim Mchugh)	05:22

When musicians of this magnitude get together to record an album, especially in the "jazz"-capital New York, jazz history of the last five decades comes to life.

The musicians pay their respects and tribute to colleges such as John Coltrane, Wayne Shorter, Dizzy Gillespie, Kenny Wheeler.

"Echoes" is an absolutely accomplished piece of work full of musical heart, wealth of ideas and genius.
